Our adventure begins at the Cabo de Gata-Níjar Natural Park, where we will first stop at the Las Amoladeras Visitor Centre to enjoy the rich tapestry of ecosystems that thrive here. Next, we'll explore the La Casa de los Volcanes Ecomuseum in Rodalquilar, a true gem of volcanic knowledge. Our exploration continues as we venture into the renowned Sorbas Caves, donning helmets and personal lighting for an unforgettable tour inside. After this thrilling experience, we'll make our way back to the coast, where the stunning beaches and hidden coves of La Isleta del Moro await us for a refreshing swim. # DISCOVERING ALMERÍA

## ADVENTURE — BEACH — HERITAGE — DESERT

The southeastern region of Spain is a different world that stands in stark contrast to the rest of the country: diverse and perpetually bathed in sunlight, it beckons adventurers to explore its deserts, canyons, and stunning beaches. Picture an Old West-themed town, steeped in history, inviting us to immerse ourselves as if we were the stars of our own Western film. Here, crystal-clear turquoise waters await for swimming, snorkeling, and canoeing, leading us to uncover the secrets of pirate routes and indulge in delightful beachside retreats. And, at night, fun games await us in our lodging right by the beach!
